Account Holder: Means the person listed or identified as the holder of a Financial Account. A person, other than a Financial Institution, holding a Financial Account for the benefit of another person as an agent, a custodian, a nominee, a signatory, an investment advisor, an intermediary, or as a legal guardian, is not treated as the Account Holder. In these circumstances that other person is the Account Holder. For example, in the case of a parent/child relationship where the parent is acting as a legal guardian, the child is regarded as the Account Holder. With respect to a jointly held account, each joint holder is treated as an Account Holder.

Controlling Person: This is a natural person who exercises control over an entity. Where an entity Account Holder is treated as a Passive Non-Financial Entity ("NFE") then a Financial Institution must determine whether such Controlling Persons are Reportable Persons. This definition corresponds to the term "beneficial owner" as described in Recommendation 10 and the Interpretative Note on Recommendation 10 of the Financial Action Task Force Recommendations (as adopted in February 2012). If the account is maintained for an entity of which the individual is a Controlling Person, then the "Controlling Person tax residency self-certification" form should be completed instead of this form.

Entity: Means a legal person or a legal arrangement, such as a corporation, organisation, partnership, trust or foundation.

Financial Account: Means an account maintained by a Financial Institution and includes: Depository Accounts; Custodial Accounts; Equity and debt interest in certain Investment Entities; Cash Value Insurance Contracts; and Annuity Contracts.

Participating Jurisdiction: Means a jurisdiction with which an agreement is in place pursuant to which it will provide the information required on the automatic exchange of financial account information set out in the Common Reporting Standard and that is identified in a published list.

Reportable Account: Means an account held by one or more Reportable Persons or by a Passive NFE with one or more Controlling Persons that is a Reportable Person

Reportable Jurisdiction: Means a jurisdiction with which an obligation to provide financial account information is in place and that is identified in a published list.

Reportable Person: Defined as an individual who is tax resident in a Reportable Jurisdiction under the tax laws of that jurisdiction. Dual resident individuals may rely on the tiebreaker rules contained in tax conventions (if applicable) to solve cases of double residence for purposes of determining their residence for tax purposes.

Taxpayer Identification Number, or TIN, or functional equivalent: Means a unique combination of letters or numbers assigned by a jurisdiction to an individual or an Entity and used to identify the individual or Entity for the purposes of administering the tax laws of such jurisdiction. In the absence of a TIN, a functional equivalent is required. Further details of acceptable TINs can be found at the OECD automatic exchange of information portal.
