

Praemium International Limited

Client Due Diligence (“CDD”) Guidelines

Why do we need to conduct CDD when taking on clients?

Praemium International Limited (PIL) is regulated by the Jersey Financial Services Commission (JFSC). As a regulated entity, we are required under Jersey’s Anti-Money Laundering (AML) and Counter Financing of Terrorism (CFT) Laws and Regulations to identify and verify all clients. This includes identifying their source of funds (SOF) and depending on several distinct risk factors, evidence of source of wealth (SOW), before we can do business. This is called Client Due Diligence (CDD).

This document is designed as a practical guide to assist your firm in obtaining the necessary CDD information and/or documentation from clients to support their application. Please note that all supporting documents must be in English or be translated into English if in a different language.

How to use this document

The CDD information required is determined by the type of client, and/or their risk rating which is determined by a number of different factors such as their place of residence or registration, the value of the investment, as well as any other client specific factors, for example if the client is a Politically Exposed Person (PEP). For ease of reference we have separated individual and corporate clients into two tables setting out the CDD requirements for each.

Please note that the receipt of accurate and correctly certified documentation at the outset, will assist us in providing a quicker service and take-on process for clients.

This practical guide is designed in six easy-to-follow steps:

CDD documentation steps

Step 1	Verification of identity and address where <ul style="list-style-type: none"> » Client is an Individual; OR » Client is a Legal Entity Verification includes: photographic evidence and address verification
Step 2	Certifying documents
Step 3	Verifying Source of Funds and Source of Wealth
Step 4	Clients who are Nationals of Prohibited Countries
Step 5	FATCA and Common Reporting Standards (CRS)
Step 6	Send all required documentation to Praemium
Appendix	Country Risk Rating Tables

Step 1 – Verification of identity and address

In order to verify the identity of a client, we require photographic evidence as well as evidence of the residential address. The following table confirms the form(s) of identification and address verification that will be required to support an application based on the residency/nationality of the client(s). As we will not meet the majority of our clients face to face, certified copies of any documentation will be required.

Individual (Sole or joint account)

CERTIFIED IDENTIFICATION EVIDENCE (must be current)	<p>Any two of the following (please note that all identification documents must be in colour):</p> <ul style="list-style-type: none"> • Passport • Driving licence • National ID card <p>Please note that for Jersey, Guernsey and Isle of Man resident customers who have no high risk indicators, one form of identification evidence is acceptable.</p>

 - Shareholder register & CDD for all shareholders
- Additional requirements for higher risk relationships where applicable:
- Certified copies of Financial Statements and/or audited financial statements

Please note that we reserve the right to ask for additional information or verification documents as and when required. Legal entities may also be required to provide a detailed AML questionnaire.

PHOTOGRAPHIC EVIDENCE:

We will accept a **certified** copy of two of the following:

- » A current Passport
- » A current National Identity card;
- » A current Driving licence, where the licensing authority carries out a check on the holder's identity before issuing.

Please Note: the copy document MUST be in COLOUR and high resolution (a minimum of 300 dpi). Full page photocopies are preferred,

All documents must be certified and signed (with a "wet" signature) by a Suitable Certifier (as noted in Step 2 including the following wording and details:

"I hereby certify that this document is a true copy of the original and a true likeness of the individual"	
Print Name:	
Signed:	
Date:	
Company name:	Company address;
Telephone No:	Email address:

ADDRESS VERIFICATION:

There are different forms of address verification, such as a utility bill or bank statement as noted within the table above.

All documents must be certified and signed (with a "wet" signature by a Suitable Certifier (as noted in Step 2), including the following wording and details:

"I hereby certify that this document is a true copy of the original"	
Print Name:	
Signed:	
Date:	
Company name:	Company address;
Telephone No:	Email address:

Locator Address:

Where an individual has a valid reason for being unable to produce more usual evidence of their residential address, we can accept the following:

Home visit

We can accept written confirmation from an individual satisfying the criteria for a suitable certifier, that he or she has visited the individual at that address.

Locator address confirmation

If it is not possible to visit an individual's address to verify location, a "locator address" may be obtained. A "locator" address is an address at which it would normally be possible to physically meet or contact an individual (with or without prior arrangement), for example, an individual's place of work. This option should only be used in exceptional circumstances where all other options have been exhausted.

For a locator address confirmation to be acceptable we require a letter from the employer on company headed paper and signed by a duly authorised representative detailing:

- » The name of the employee,
- » Confirming the length of contract with the company (dates to/from)
- » Confirming that the employer has the means to locate and contact the individual on demand
- » Confirmation that the employee is located at their office (address).

Step 2 – Certifying documents

Suitable Certifiers

A suitable certifier must have met the person at the time the documents are being certified. The following individuals are permitted to certify documentation:

- » A Director, officer or manager of a regulated financial services business which is operating in a well-regulated country or territory or of a branch or subsidiary of a group headquartered in a well-regulated country or territory which applies group standards to subsidiaries and branches world-wide and tests the application of and compliance with such standards;
- » A member of the Judiciary, a senior civil servant or a serving police or customs officer;
- » An officer of an embassy, consulate or high commission of the country of issue of the document being used as evidence of Identity;
- » An individual who is a member of a professional body that sets and enforces ethical standards (e.g. Notary);
- » An individual that is qualified to conduct certification services under authority of the Certification and International Trade Committee (e.g. Chamber of Commerce).

Step 3 – Source of Funds and Source of Wealth

We are required to understand the Source of Funds and the Source of Wealth of our clients.

Source of Funds (SOF) – This is the activity which generates the funds associated with this investment (e.g. client's occupation/business activities or transferring a pension or existing investment product). If SOF is from earnings, please detail the job title in the Profession field within the application form. If retired, please state the last employment (e.g. CEO of XYZ Ltd).

Source of Wealth (SOW) – This is distinct from SOF and describes the activities which have generated the total net worth of the client, not just the funds associated with this particular investment. This could be in the form of an inheritance or other business activities. It may be the case that your client's SOF and SOW are the same and this should be noted within the application form.

Evidencing the SOF and SOW

Evidence of SOF and SOW will be required as part of our enhanced due diligence (EDD) requirements if the client is classed as a Politically Exposed Person (PEP) or where they are classified as higher risk. To assist you in understanding how we categorise risk in different countries, please see the [Country Risk Rating tables](#) included in the Appendix. Examples of where a client would be classed as high risk include (this list is not exhaustive):

- » the client is resident in a higher risk jurisdiction;
- » the Adviser is based in a higher risk jurisdiction;
- » SOF/SOW is from a higher risk industry (e.g. oil & gas, military/defence equipment, cryptocurrency, weapons supply/manufacture);
- » SOF/SOW is from a higher risk jurisdiction; or
- » the value of the intended investment is over £500k (or currency equivalent).

Documentary Evidence

The following table provides examples of what is acceptable as evidence of SOF/SOW and one of these documents is acceptable.

Please note that all submitted documents must be correctly certified. More information on the certification process can be found in Step 2 [Certifying Documents](#). Praemium reserves the right to request additional information and/or documentation as we deem necessary.

Retired individuals

Praemium understands that for retired individuals it may be difficult to obtain evidence of source of funds/wealth as retirement may have happened some time ago. In these circumstances, it is acceptable for a letter to be provided from a regulated firm or someone who would be considered as a suitable certifier, noted above, confirming how the wealth was accumulated.

Individuals not in employment

If an individual is not currently working, we need to understand how the funds being placed into an investment, have been accumulated prior to ceasing employment. It is also common for non-working spouses to establish accounts in their own name and for funds to be paid by the working spouse. In this circumstance, we need evidence of the SOF/SOW for the spouse as per the above guidance.

Step 4 Clients who are Nationals of Prohibited Countries

As noted within the [Country Risk Tables](#), there are countries where Praemium will not do business with for clients who are resident in or have close links to these countries. However, for nationals of these countries who are living outside of their home country, we may be able to onboard. However, we would need a full understanding of the links the client has to their home country. Please include the following information in the form of a letter on headed paper when sending through the CDD documents:

- » What links the client has to their home country, such as do they visit often;
- » Whether any income is derived from that country;
- » When they left and information on their employment history;
- » Whether there is any intention to return to their home country in the near future

Step 5 FATCA and Common Reporting Standards (CRS)

A TIN or equivalent is required for FATCA and Common Reporting Standards.

This information must be included within the application form. If you have a US reporting requirement please include the relevant W8 or W9 form.

Jersey Residents:

For the purposes of reporting on Jersey residents, under the Inter-governmental Agreements (IGA), the taxpayer identification number (TIN) will be the taxpayer's Jersey social security number. Social security numbers begin with two letters, usually JY, followed by six digits, and a letter: A, B, C, or D. An example would be JY000000A. The TIN for a Jersey entity is the tax reference number, which takes the format of two letters and up to five digits.

Others:

Please find below some examples for what would be classified as a TIN:

- » In the UK, the TIN is the Unique Taxpayer Reference (UTR) or the National Insurance Number (NINO).
- » In Ireland, the TIN is the Personal Public Service Number (PPS No).
- » In the USA, the TIN is either a Social Security Number (SSN) or an Individual Taxpayer Identification Number (TIN).
- » In Hong Kong, the Hong Kong Identity Card (HKID) Number serves as a TIN for individuals;
- » In Singapore, the National Registration Identity Card (NRIC) number is used;

Please Note: Where a jurisdiction does not issue a TIN or other unique identifier, date of birth will be used for reporting purposes.

Step 6 – Send all documentation to Praemium

Once documentary evidence is gathered, please complete the following steps:

1. **Complete** application form identifying:

- » tax domicile;
- » country of residence;
- » Taxpayer identification number;
- » PEP status;
- » SOF & SOW

2. **Attach** required [identification documents](#), including verification of address, and [evidence of SOF/SOW](#) if required and if they are a [national of a prohibited country](#), the letter on headed paper confirming the links to their home country. Include the relevant IRS tax forms (e.g. W8 or certain W9 forms), as appropriate.

3. Submit all paperwork to:

Praemium International Limited

Appendix - Country Risk Ratings

The following risk rating tables have been established based on evaluations conducted by international bodies such as Transparency International and the Financial Action Task Force (FATF). The ratings tables should be used to assess whether a client has links (such as nationality, residency, business links) to a higher risk jurisdiction (risk category 2 or 3) which could prompt the need for enhanced due diligence.

Please contact us regarding any countries that are not on the list to obtain guidance on acceptability.
