Target Market Determination

1. About this document

This target market determination (TMD) seeks to offer consumers, distributors and staff with an understanding of the class of consumers for which this product has been designed, having regard to the objectives, financial situation and needs of the target market.

This document is not to be treated as a full summary of the product's terms and conditions and is not intended to provide financial advice. Consumer must refer to the Product Disclosure Statement (PDS) and any supplementary documents when making a decision about this product.

Product Disclosure Statement to which this target market determination applies

This TMD applies to the Diversified Credit Fund issued by Janus Henderson Investors (Australia) Funds Management Limited (ABN 43 164 177 244) referred to in the Diversified Credit Fund Product Disclosure Statement.

Date from which this target market determination is effective

30 March 2026

2. Class of consumers that fall within this target market

The information below summarises the overall class of consumers that fall within the target market for the Diversified Credit Fund, based on the product key attributes and the objectives, financial situation and needs that this product has been designed to meet.

A consumer (or class of consumer) might intend to hold a particular investment product as part of a diversified portfolio. In these scenarios, the investment product should be assessed against the consumer's attributes for the applicable part of the portfolio, instead of against the consumer's portfolio as a whole.

The Diversified Credit Fund is for those seeking to gain exposure to an actively managed portfolio of Australian and global higher yielding fixed income securities, including corporate debt, asset backed securities, secured loans and emerging markets debt.

Product description and key attributes

The key product attributes of the Diversified Credit Fund are:

- The Diversified Credit Fund seeks to achieve a total return before fees that exceeds the total return of the Benchmark (Bloomberg AusBond Bank Bill Index) by 2.00% per annum, over rolling three-year periods;
- The fund is designed to leverage the considerable expertise of the Investment Manager and gives them the flexibility to actively allocate the fund's assets geographically and across the credit ratings spectrum;
- Income distributions are generally made on a monthly basis;
- A management fee of 0.55% per annum of the asset value of the fund is charged. In addition, there is an indirect cost of 0.01%[^] per annum of the asset value of the fund. A buy/sell spread may be charged when entering or exiting the fund; and
- Online access to investment details via Portfolio Online.

Target Market Determination

Objectives, financial situation, and needs

This product has been designed for consumers who:

- Are seeking capital preservation and income distribution through exposure to an actively managed portfolio of Australian and global higher yielding fixed income securities;
- Are willing to pay the fund's management fee through the value of their invested capital;
- Would be comfortable to invest their capital for a minimum suggested timeframe of at least three years; and
- Have a medium risk tolerance and are willing to accept the risks of losing some of their invested capital.

Consistency between target market and the product

The Diversified Credit Fund is likely to be consistent with the likely objectives, financial situation and needs of the class of consumers in the target market. This is based on an analysis of the key terms, features and attributes of the product and a finding that these are consistent with the identified class of consumers. Individuals will need to consider whether this product meets their specific objectives, financial situation and needs. The fund aims to meet its performance target as assessed in relation to its objective and benchmark, and also aims to pay monthly distributions.

3. How this product is to be distributed

Distribution conditions/restrictions

| Channel | Distribution condition |
|-----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Platforms | The fund is available for distribution through investment, super or wrap platforms, and investor directed portfolio service (IDPS) or IDPS-like scheme or other trading platform where there is an arrangement between the issuer and platform which governs their relationship. |
| Advisers | The fund is available for distribution through a dealer group and/or a registered financial adviser either directly or via platforms where the dealer group and/or financial adviser has considered the customer's objectives, financial situation and needs, and is reasonably satisfied that the fund, or a diversified portfolio containing this fund is suitable for the customer. |
| Direct | The fund is available via direct application if the customer has submitted a completed application form and read and accepted the PDS. The application form and PDS can be found on the Janus Henderson website. |

Adequacy of distribution conditions and restrictions

We have determined that the distribution conditions and restrictions will make it likely that customers who purchase the product(s) are in the class of customers for which it has been designed. We consider that the distribution conditions and restrictions are appropriate and will assist distribution in being directed towards the target market for whom the product has been designed.
